EQUIPMENT CONSOLES

Havis Consolidator Consoles and Computer Mounts are made with the driver in mind and are the first step in creating your mobile office.

COMPUTER MOUNTS

Computer Mounts allow your computer to be adjusted to your individual height and position. The swivel arms make it easy to position the computer where you want it—whether in use or not.

TRUNK MOUNTING SOLUTIONS

Havis trunk trays provide a clean and safe mounting surface for radio/communications equipment in your police sedan.

MOUNTING SOLUTIONS

PRISONER TRANSPORTS

Havis has combined its years of experience in building prisoner transports with new CNC fabricating capabilities to offer affordable prisoner transport solutions that are easy to install for your department.

PARTITIONS & WINDOW GUARDS

Partitions and window guards ensure officer and passenger safety and are great for converting passenger vans, sedans and sport utility vehicles into prisoner transports.

K9 TRANSPORTS

K9 transports are easy to install and available for Crown Victoria, Charger, Expedition, Explorer and more!

TRANSPORT SOLUTIONS

VEHICLE INTERIOR LIGHTING

Havis can provide you with the solution to all your vehicle lighting needs.

VEHICLE-MOUNTED LIGHTING

We offer a complete and custom line of telescoping pole mounts including tripods, thru-body mounts, remotes and offset side mounts.

PORTABLE SCENE LIGHTING

All of the portable and handheld spot or floodlights are constructed of weatherproof materials to provide you reliable high-intensity light output and performance.

LIGHTING SOLUTIONS

FOR MORE VEHICLE APPLICATIONS & MOUNTING ACCESSORIES, CONTACT 1-800-524-9900 OR VISIT WWW.HAVIS.COM.

HEAVY DUTY ANGLED MOUNT CONSOLES

Unique double angle shape provides excellent visibility and superior comfort

- Strongest and safest mounting solution for your mobile office
- Versatile design for laptop or modular computers
- Low-profile mount system
- Compact design effectively utilizes crucial space
- Highly durable interlocking "U" steel supports the heaviest rugged computers and docking stations

Heavy Duty Angled Mount Mobile Workstation

Fully Adjustable Monitor Mounting Brackets ensure easy viewing for driver or passenger via tilt-swivel features (C-SM-MMP)

Independent Keyboard and Monitor Brackets allow installer to customize positioning

Swing Arm Feature provides easy and comfortable positioning of keyboard or laptop (C-SM-SA-1)

Two-Piece Housing Design allows the Heavy Duty Angled Mount to have the versatility of adjustable height (C-SM-830)

Low Profile Design allows driver a fast and safe exit via the passenger side

Modular Design Options:

- Slide out printer mount (C-PMS)
- Low profile console extension
- Cup holder (C-CUP2 Series)
- Arm rest (C-ARM-3-TM)

NEW 12" Enclosed 25° Angle Heavy Duty Angled Mount Series Console (C-SM-1225)

ANGLED CONSOLES

Sloped design maximizes comfort and room

- Ergonomically designed to make equipment easy to see, reach and operate
- Sloped design creates additional space between seats
- Provides maximum comfort and room for extra accessories
- Models in 25, 40 and 60 degree angles
- Ideal for light and medium weight computers and docking stations

Angled Console (C-AS-1725)

Wire Cover Panels provide a nice flush fit to your dash creating the perfect finishing touch and protecting console wiring (C-AS-WP-CV shown)

Monitor Mounting Platforms include fully adjustable mounting brackets making monitors easily viewable for driver or passenger (C-AS-MMP shown) (see page 10)

Conveniently Angled toward driver making vital equipment easier to see and reach (C-AS-1725 shown)

Storage Box/Arm Rest can be configured as a mini console for mounting less critical and overflow control heads. Handy storage space for ticket books, handheld radios and other equipment. Optional lock mechanism available (C-CB-1 shown)

12V Power Outlets provide additional 12V power outlets attached to the storage box

Tunnel Plate Extension Plates provide a strong and stable platform for mounting accessories including cup holder and armrest (C-TM-CV shown)

Vehicle Specific Heavy-Duty steel hump mount brackets provide stability, a clean "trouble-free fit" and easy installation because they bolt to existing seat-mounting holes and require no drilling

ENCLOSED CONSOLES

The original Consolidator — a proven benchmark

- Enclosed Series Consoles are the original Consolidator Consoles
- Over 100,000 units sold since 1993
- High-strength extruded aluminum frame
- Easy height adjustment and installation
- Simple, modular mounting kits

Enclosed Console (C-3011)

Maplights with high-output halogen bulb and sliding red lens shown with side mount option (C-ML-MCB shown)

Laptop Computer Mounts
TM Series computer mounting bracket for laptops and docking stations. Swivels 85° (C-3090-2 shown)

12V Power Outlets and Switch Panels (C-LP-2 shown)

Wide-Diameter Internal and External Cup Holders (C-CHNY shown)

Unique “Slide Track” design with extruded side rails makes adding and positioning options and accessories simple and allows them to remain adjustable

New! One Piece Extruded Side Panel design creates a stronger, more solid and attractive console housing.

Tunnel Plate Base can be used alone to mount equipment or with a console to extend equipment mounting area and mount a mobile computer (C-TM-12 shown)

Vehicle Specific Heavy-Duty Steel Hump Mount Brackets provide stability, a clean “trouble-free fit” and easy installation because they bolt to existing seat-mounting holes and require no drilling (C-B7 shown)

TELESCOPING COMPUTER BASES

The fastest and easiest mounting system to install

- Over 30 vehicle-specific bases
- Ideal solution for limited space applications
- Height adjustable
- Dual articulating discs allow for lateral adjustment
- Configurable for many universal laptop, keyboard and docking station mounts
- Installs in most vehicles without drilling or cutting

C-Tubes Series

C-Tubes Series

C-PED Series

- **Computer Mounting Platforms** have fully adjustable mounting brackets making monitors easily viewable for driver or passenger via tilt/swivel features
- **Universal Computer Mounting Bracket** for laptops and docking stations. Swivels 85° (C-3090 shown)
- **Heavy-Duty Design** made of welded tubular steel. Mounts independently of a console. Backed by a lifetime warranty
- **Locking Knob** to set telescoping height
- **Articulating Swivel Arms** make it easy to position a computer where you want it. Made from 1/4" steel to provide stability
- **No Holes Drilled** — uses existing seat bolts in most vehicles for easy installation
- **Heavy-Duty Computer Mounts (C-PED Series)** are ideal for special applications and fleet speciality vehicles

LAPTOP & KEYBOARD MOUNTING SOLUTIONS

Customizable laptop or keyboard mounting system

- Mounting platforms for most popular laptop computer manufacturers
- Supports Motorola[®], L3, Data 911, Amrel, Dell[®], Itronix, Panasonic[®], Pentax[™], TG3, TIP and others
- Hundreds of possible configurations to meet your needs
- Quick release keyboard mount

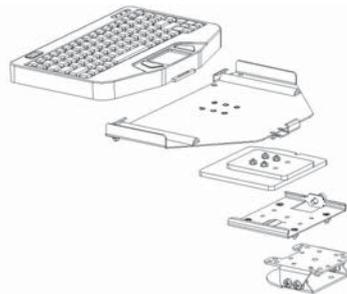

Dell Laptop on Heavy Duty Angled Mount Console

Universal Laptop Mount (C-3090 Series)

LAPTOP MOUNTS

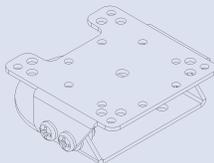

- **Extruded Aluminum** platform is strong/durable, but lightweight (proven durability over 10,000 units deployed)
- **Fully Adjustable** mounting makes monitor easily viewable for driver or passenger via tilt/swivel feature
- **Configurable** for almost any laptop
- **Unique Stainless** tabs holds tight tolerance lids
- **Cam Latch** easy to use for mounting and removing computer
- **Rubber Pad** dampens vibration and holds computer from sliding while in motion

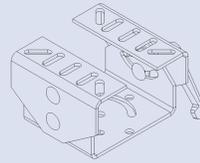

KEYBOARD MOUNTS & QUICK RELEASE SYSTEM

- **Keyboard-Specific** applications for easy installation
- **Easy** mount and dismount of keyboard
- **Multi-Positioning** keyboard adaptor allows for comfort and flexibility for each user

KWIK-KIT PRISONER TRANSPORTS

Maximum security for officer and inmate safety

- Solid all-aluminum Kwik-Kit will not rust
- Available in one, two, three and four compartment floor plans
- Every compartment features an emergency exit hatch for fast unloading
- Keep officers and up to 12 prisoners safe
- Transferable for re-use in new vehicles providing a large savings for years of durable service

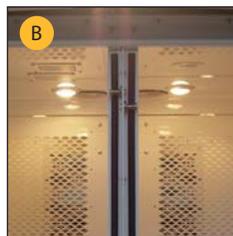

Prisoner Transport Insert
(KK-120-06 shown without ceiling)

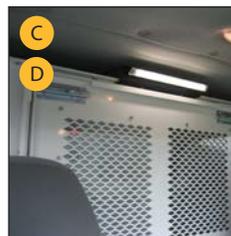

Three Compartment Kwik-Kit

"Slam-Latch"

Dome Light

Lexan Cover & Emergency Hatch

Grab Straps & Anti-Slide Bench

Side & Rear Step

All Aluminum construction will not rust

Heavy Gauge Aluminum (.125) walls and benches withstand prisoner abuse

New All White Powder Coat Finish improves appearance and visibility in compartment — easier to clean and spot contraband (*All white kits not currently available for Sprinter Vans)

Standard Kwik-Kit Features Include:

- A Unique "slam-latch"** design automatically locks doors
- B Dome Lights** are included to allow officers to see into compartment in preparation for unloading prisoners
- C Lexan/Spit Stopper** between driver and prisoner protects officer from prisoner fluids

Floor and Ceiling are part of the Kwik-Kit prisoner transport design which eliminates possible drug stashing locations

- D Emergency Exit Hatches** allow for fast unloading in case of accident or fire. Reduces department liability
- E Standard Grab Straps** allow rear-cuffed prisoner to hold on during braking

Lighter Weight Aluminum instead of steel allows for increased payload and gas mileage savings

Compartment Options and aluminum construction increase payload, allowing maximum seating capacity—eliminates multiple trips and number of vans needed

- F Standard Rear Step with** non-skid surface included on all models and allows safe entrance/exit

KWIK-KIT OPTIONS & ACCESSORIES

Security, safety and comfort enhancements

- Remote video for enhanced prisoner monitoring
- Climate control for passenger comfort
- Entry and exit assistance for prisoner safety
- Lighting solutions for security and safety
- Multiple floor plan configurations to meet your needs

Ford E-Series Van (KK-100-06)

Roof Mounted Power Vent (KK-PVENT)

Rear Flip-Down Step (KK-ST-FLIP)

Intercom System (PT-INTERCOM)

Under Bench Storage Area (KK-STORAGE)

VAN PARTITIONS

Custom built, high security transport partitions

- Quickly convert your full-size passenger van into a prisoner transport
- Fits the van contour from floor to ceiling
- Designed for Ford and Chevrolet Vans
- 12-gauge formed and welded steel
- Front, middle, and rear partitions available

Partitions Installed in Van

Front Partition

- Front partition with emergency exit hatch in top center section of the partition.
- Two heavy-duty slide bolts in driver compartment allow for quick removal of hatch
- The bottom half of the partition is 12 gauge steel.
- The top half of the partition is 12 gauge steel with diamond shape openings
- 1/4" lexan covers the top perforated half of the partition

Middle Partition

- Middle partition fits behind the first row passenger bench
- The partition wraps around the bench seat to allow for passengers access to the rearward bench seats
- The bottom half of the partition is 12 gauge steel
- The top half of the partition diamond shape openings
- There is not an emergency exit hatch in the middle partition

Rear Partition

- Rear partition fits behind last bench seat in a 12 or 15 passenger van.
- Emergency exit hatch is located in the top center section of the partition with removable pins or slide-bolts accessible from the rear cargo area
- The bottom half of the partition is 12 gauge steel
- The top half is 12 gauge perforated 12 gauge steel

PART #	DESCRIPTION
P-FRONT-1	Partition fits Chevrolet or Ford with factory side dual door
P-FRONT-2	Partition fits Chevrolet or Ford with factory sliding door

PART #	DESCRIPTION
P-MID-1	Partition, Middle Chevrolet or Ford Van

PART #	DESCRIPTION
P-REAR-1	Partition fits behind rear bench seat of Chevrolet 12-15 Passenger Van
P-REAR-2	Partition fits behind rear bench seat of Ford E-Series 12-15 Passenger Van

Partition is supplied with mounting kit and filler plates. Specify vehicle make, model & year.

WINDOW GUARDS

Easily enhance prisoner transport security

- Engineered for precise fit and easy installation
- Laser cut for each year, make, and model vehicle
- Designed for perfect contour fit
- No cutting, welding or painting required

Interior Window Guards

Interior Window Guards

Interior Window Guards

Window Bars - Ford Crown Victoria only (WBI-F7)

INTERIOR WINDOW GUARDS

- **Effective, Strong and Discreet** way to protect windows
- **Automated Fabrication Process** ensures precise contour fit for easy, clean-looking installation
- **CNC Punched** from one-piece heavy-duty steel for optimum strength and less sharp than expanded (some models available in aluminum)
- **Diamond-Shaped Perforations** allow for increased driver visibility
- **Black Polyester Powder Coat** on all parts for a long-lasting finish

K9 TRANSPORT SYSTEMS

Safety and comfort for you and your canine partner

Optional Safety Equipment:

- Automated, proactive K9 safety system
- Control vehicle temperature
- Air circulation and ventilation technology to keep K9s safe
- Remote pager

Chevrolet Tahoe K9 Kit (KK-K9-C14-K)

Chevrolet Tahoe K9 & Prisoner Transport (KK-K9-C14-K-PT)

K9 TRANSPORT SYSTEMS FOR SUVs

- **SUV Kits Housing** with one front sliding door, two side door tunnels, aluminum fold-down interior window guards and door panels
- **SUV Kit Dimensions**
 - Small SUV Kit (42" Model): 42" deep x 38" wide x 33" high
For Blazer, Trailblazer, Durango, and Explorer models
 - Large SUV Kit (48" Model): 48" deep x 47" wide x 34" high
For Suburban, Tahoe, Yukon, Yukon XL, Expedition, and Excursion models
(slide-in center divider available on large SUV kits to create a two-compartment unit for holding two K9's)
 - Large SUV Kit (32" Model): 32" deep x 47" wide x 34" high
For Tahoe, Yukon, Suburban, Excursion, & Expedition models
- **K9/PT Kits** For Tahoe, Yukon, Suburban, & Expedition models
Space for one prisoner on passenger side and one K9 on the driver side

K9 SAFETY OPTIONS & ACCESSORIES

Added protection for your canine partner

AceK9® Remote Door Popper and Heat Sensor Unit alerts the officer when car temperature is too high. Will drop windows and turn optional exhaust fan on. Comes standard with key fob door popper to allow K9 to come to officer aid in seconds. (KK-K9-HP-5010-H) Pager alert and other option available.

Heavy-Duty Exhaust Fan quickly circulates air inside the car (KK-K9-FKT-I mounted on KK-K9-FAN-F7-1-OBR)

Circulation Fan draws AC/heat into rear compartment (KK-K9-FAN)

Metal Water Bowl
*Not recommended for sedan models (KK-K9-WATER)

VEHICLE INTERIOR LIGHTING

Interior dome lights, maplights and "Cold Cathode" compartment lights

- High light output
- Long life cycle
- Perfect for mobile work stations

Halogen Dome Light (KR-DL)

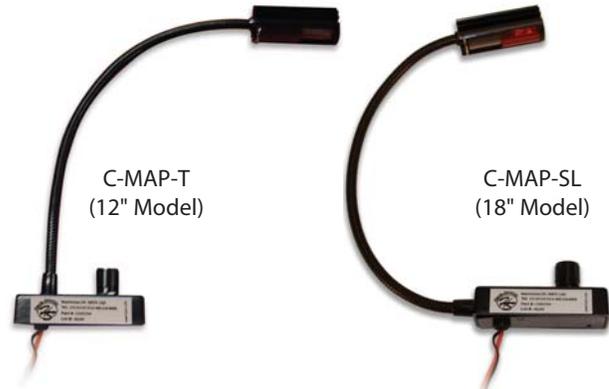

DOMELIGHT

- **Includes Two Sets of Interchangeable Lenses** (red and clear), allows for three lens combinations
- **Slim Profile** for easy mounting
- **Dual Push Button On/Off Switches** allow for independent control of both lamps
- **Two Individually Switched 7W Xenogen Lamps** outperform standard LED fixtures with higher light output, comparable life cycle, lower cost and a replaceable lamp
- **7W Xenogen Lamps** provide as much usable light as 12-watt standard halogen lamps, but with less heat and lower amp draw

MAPLIGHTS

- **Provide Wider Beam** and more light than LED models
- **Top-Mounted** or Side-Mounted models available
- **Permanent Red Lens** is easy-to-slide for red or white light
- **Permanent Clear Lens** prevents accidentally touching the lamp
- **Available in 12" or 18" lengths**

Affordable Trunk Lighting Solution

"COLD CATHODE" (FLUORESCENT) COMPARTMENT LIGHTS

- **Application** - ideal for storage areas
- **4X Brighter** than comparable halogen models
- **Half the Cost** of LED models
- **18,000+** Hour bulb life

KR-CCL Series

ROOF MOUNTED SPOTLIGHT

Illuminate areas that pillar-mounted spotlights cannot reach

- Continuous 360° rotation, 110° tilt
- Easy-to-use ergonomic handle design
- Dual bulb spotlight pinpoints targets easily and quickly
- Locking clutch keeps light in place during pursuit
- Bright white light
- Watertight seal
- Easy right-hand operation

in open position (CD-QS-1)

Patented Secondary Linkage System tilts light head 110°

Aerodynamic Lexan® Faring reduces glare and protects the unit from damage

Powder Coated, high-strength die-cast aluminum frame

Patented Nylon Ball-and-Socket System for maintenance-free operation and waterproof installation

Innovative Power Slip Rings allow continuous rotation of light

Ergonomically Designed Control Handle folds safely up to headliner

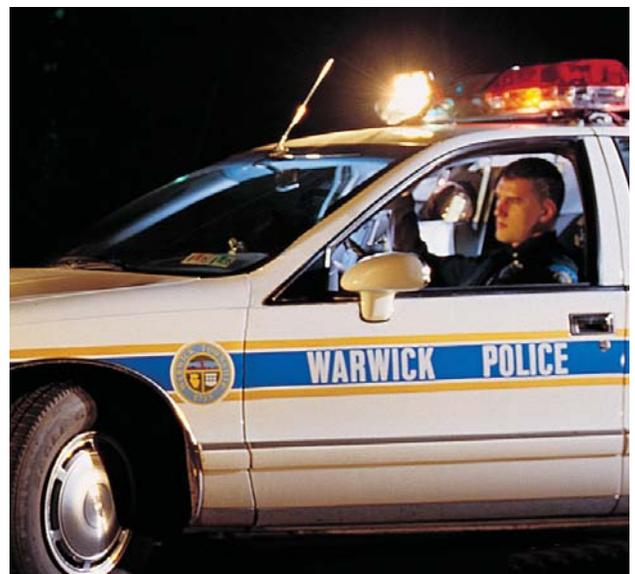

Trigger-Style Locking Clutch Assembly secures light in any position

Ergonomically Designed Control Handle

All Weather Cover

HANDHELD SPOTLIGHTS

Powerful handheld light where you need it

- A full line of powerful portable and handheld spotlights
- Designed for scene lighting requirements
- Constructed of rugged weatherproof materials
- Reliable high-intensity light output and performance
- Increase safety with up to 1,250,000 candlepower
- Battery and corded models available

Xenon Handheld Spotlight (CD-RH-HID35W)

Same High Intensity Discharge Bulb
Technology as used on luxury cars

Handheld for quick intuitive spotting
vs. remote controlled lights

Waterproof with a durable
thermoplastic rubber housing

Optimized Beam Pattern for
fast and accurate positioning

8' Power Cord with 12V outlet plug

35W Xenon HID or 100W Halogen
available

Battery Pack run-time 1 hour 40
minutes (35W), 35 minutes (100W)

Handheld with Infrared Lens
(CD-MAGNUM with CD-IR-8)

Spotlight (CD-56/5B)
(includes battery pack)

PORTABLE SCENE LIGHTING

Scene lighting from any vehicle in your fleet

- New HID Technology provides more light per watt than traditional Quartz Halogen fixtures
- No generator needed
- Telescoping tripod available
- Runs off any standard 12V outlet

Magnafire Illuminates Accident Scene (KR-731)

- **Short Tripod** fits in the trunk to provide a quick solution to unpredictable nighttime situations (-SL models)
- **Large Grab Handle** makes pole easy to carry
- **Extruded, 1/3 Round Legs** neatly fold closed for a professional appearance
- **All Magnafire 3000® and 5000®** flood light housings, switch boxes, swivel knuckles and lens frames are made from die cast aluminum. This ensures repeat quality, product uniformity, and precise fit
- **One-Piece Lens Assembly** and Front Relamping Ability make bulb changes easier than ever. Unlike extruded fixtures, it has a field replaceable modular reflector. This means you can repair it without having to buy a whole new light

Magnafire 3000 (KR-732) with standard Grille Guard (KR-GG-3000)

12V Extension Cord (KR-EC-50)

PERFECT FOR:

- Patrol Vehicles
- Emergency and Disaster Response
- SWAT and Tactical Response
- DUI Enforcement and Check Points
- Search and Rescue
- Utility and Public Works
- Military Operations
- Fire Departments

PART #	DESCRIPTION	PART #	DESCRIPTION

MAGNAFIRE SERIES SCENE LIGHTING

Versatile high intensity lighting

- Two sizes available for any mounting space
- Available in Halogen or HID
- Mounts on any of Havis poles/mounts
- Bright, smooth floodlight beam pattern that lets you put light where you need it

Magnafire 5000 Series (KR-751 shown)

The Magnafire floodlight incorporates all of the features necessary for today's public safety professionals: High-intensity light output, compact design, and durability. Its mirror-polished reflector has increased vertical surface area and rounded parabolic corners for optimum efficiency.

The new Magnafire 5000™ is specifically designed to save space. This compact light allows many different mounting applications. The Magnafire series is known for being superior in design, brightness, efficiency, and durability. No generator is needed for the 12V version! The new Magnafire 5000™ produces more light with less power, reduces maintenance time, saves money, and best of all saves space!

Magnafire 3000 Series Light Fixture

13.5" wide x 5.31" high x 4.90" deep

Magnafire 5000 Series Light Fixture

Kwik-Strike 4000

Kwik-Strike 4000 Perimeter Flood Lighting

- **12v HID** or 120v Halogen available
- **35 watt**, 12v HID Model features instant "on" and hot restrike
- **Flush Mount Fixture** (1.875" deep) recesses cleanly in standard 2" truck wall
- **Easy Front Access** to ballast and bulb
- **Available** in chrome (standard) or white finish

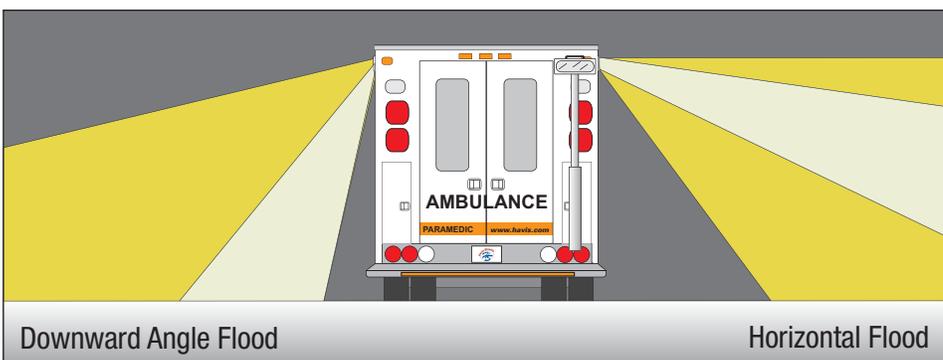

Kwik-Strike 4000 Chrome Finish (Standard)

Kwik-Strike 4000 White Finish (Optional)

Kwik-Strike 4000 Surface Mount Casting (Optional) (KR-4000-SMC)

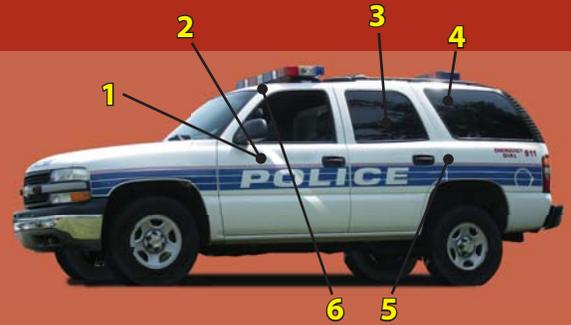

Features a choice of two beam patterns

COMPLETE VEHICLE SOLUTIONS

For Sedans, SUV's, Trucks, Vans, and more

- Equipment Consoles & Computer Mounts are made with the driver in mind and are the first step in creating your mobile office
- Prisoner Transports provide maximum security for officer and inmate safety
- K9 Transports ensure safety and comfort for you and your canine partner
- Portable Scene Lighting is constructed of weatherproof materials to provide you reliable high-intensity light output and performance

1 EQUIPMENT CONSOLES

Maximize comfort and room in your mobile office with these high-strength aluminum consoles. Versatile design allows for hundreds of configurations to meet your departments' needs. *See pages 4 thru 7*

2 COMPUTER MOUNTS

We offer mounting solutions for various types of computers from laptops to three-piece computers. Versatile design allows for hundreds of configurations to meet your specific needs. *See pages 8 thru 11*

3 PRISONER TRANSPORTS

Havis has combined its years of experience in building prisoner transports with new CNC fabricating capabilities to offer affordable prisoner transport solutions that are easy to install for your department.

See pages 16 thru 17

4 K9 TRANSPORTS

Safety and Comfort for you and your canine partner. Large selection of K9 kits available for sedans and SUV's. Many standard and optional safety features provide added protection for your arson dog. *See pages 20 thru 21*

5 12 VOLT PORTABLE SCENE LIGHTS

Quickly take the light where you need it with a Telescoping or non-telescoping tripod flood light. These can be stored in a small compartment or mounted on the side of the vehicle.

See pages 25 thru 26

6 PORTABLE & ROOF MOUNTED SPOTLIGHTS

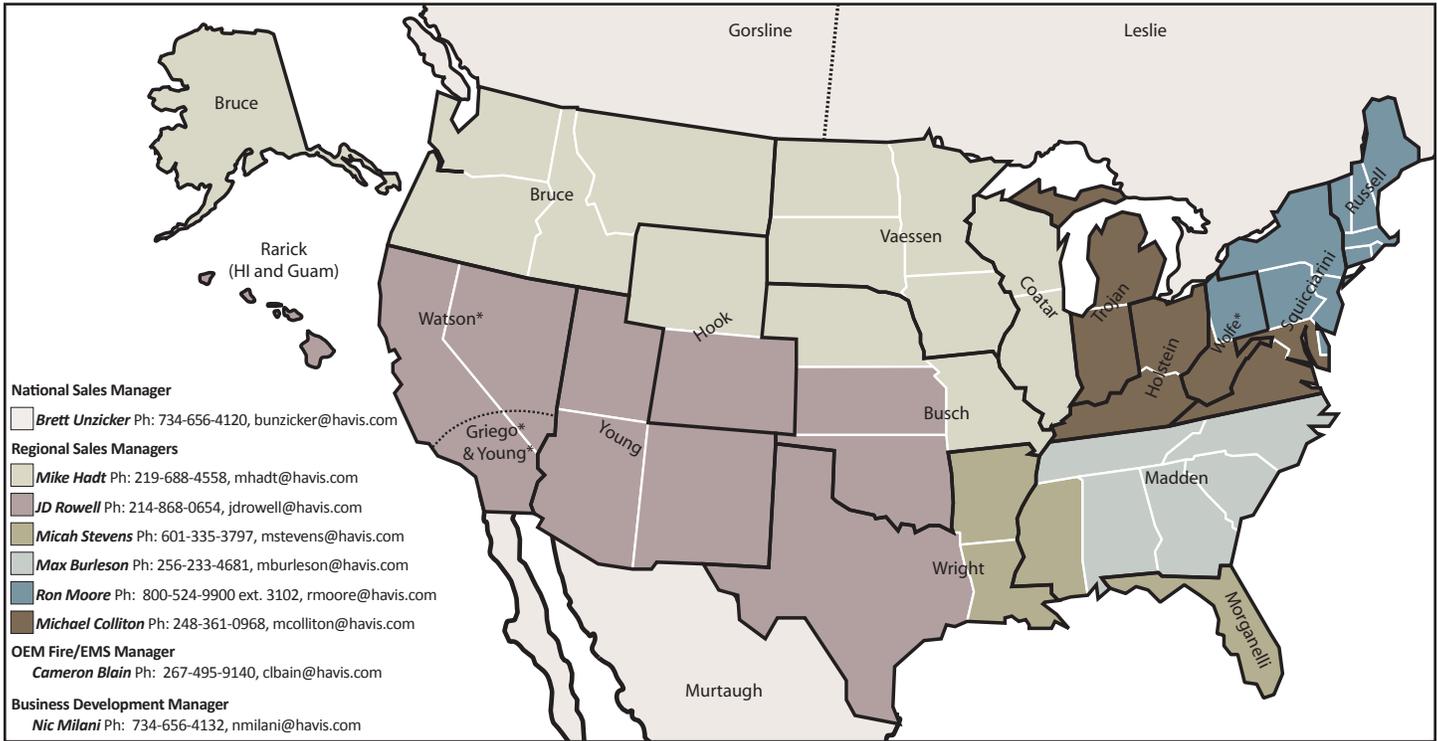

Portable and rechargeable spot or flood lights are perfect for a quick response. Light and easy to carry. (CD Series) *See page 24*

Roof Mounted Spotlights ergonomically designed handle controls very powerful spotlight from inside the vehicle. (CD-QS Series) *See page 23*
